

# International Forgiveness Day

3rd Edition  
18 September 2021

Participate by organizing  
your event around  
**FORGIVENESS**

# Why

We have all been hurt and  
offended at some point.

We have also often caused harm:  
either to others or to ourselves.

This results in resentment that  
eventually lock us into a  
destructive inner pattern.

# Solution

A thin, wavy orange line starts from the top right corner and curves downwards towards the right edge of the white box.An orange shield-shaped graphic containing a grey network diagram with several nodes and connecting lines. An orange line extends from the bottom of the shield, curving to the right.

Everyone takes ownership by  
organizing an event around  
forgiveness,  
through an act that can take many forms,  
without distinction or restriction  
(regardless of religion, nationality, ...)  
on the same day to create a powerful  
momentum  
and pave the way for a positive  
relationship with others and with  
ourselves.

# Words from the founder

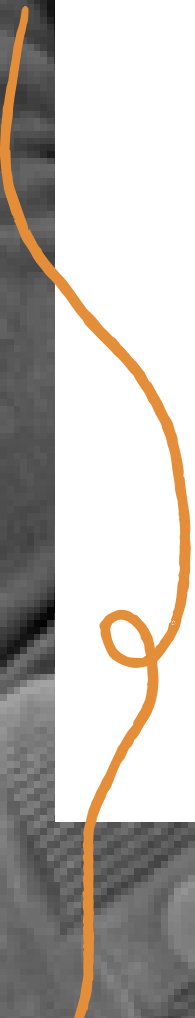

*« There is no other event that brings together so many countries and different methods. The International Forgiveness Day aims to break free from silos in order to work together for the essential: to create more fraternity between men and women, whatever their origins, their nationalities or their beliefs. »*

Olivier Clerc  
Honorary Chairman, API
